Seventy Years of Student Senate

Photo: Gustavian, 1950

Student Senate first formed at Gustavus in 1942, seventy years ago! Senate has grown a great deal since then but is still grounded on a firm platform to represent the general welfare of the whole student body. When Senate began meeting they discussed and proposed legislation similar to the functions of Senate now. Back in 1942, among many initiatives, Student Senate resolved to start collecting funds for a new modern library on campus that they aspired to build "as soon as possible after the war is over." Also, Student Senate held semi-monthly films for students, a homecoming bonfire, the Student Senate fee was only 50 cents, and there was even a bulletin board committee that could easily be compared to today's Gustavus Student Senate Facebook and Twitter page!
